ReNewEurope is an Erasmus +, Strategic Partnership project that seeks to develop an innovative, holistic, and integral approach on training university professors, assistant professors, researchers, and scholars to conduct the educational process in the field of Balkan's and Central and Eastern Europe (CEE) studies.

The specific objectives of the project are to:

- Raise the awareness of the university professors & assistants about the need to organize and conduct on-wheels schools in Balkan and CEE history to overcome the existing stereotypes and prejudice in the students in this regard.
- Develop the competencies of the university professors & assistants in on-wheels school organization and conduction with the students with interest in Balkan & CEE history.
- Stress the importance of a deeper understanding of the region in "Old" and "New" Europe state through defining the main principles and approaches for stimulation of the socio-cultural competencies of the higher education teaching staff.
- Elaborate specific and high-quality materials that shall define and overcome the problems of how the Balkan & CEE studies are taught in different countries for the benefit of both academic staff and students and society in general.

ReNewEurope project will develop:

- Training kit
- Manual for academic staff
- Guidebook on ReNewEurope concept
- ReNewEurope platform and interactive library

ReNewEurope Training kit will provide the resources to the higher education teaching staff to organize On-wheels summer school for CEE trans-border history and politics.

Manual for academic staff to develop personal & professional competencies of the higher education teaching staff in techniques how to work, teach and study Balkan trans-border history and politics, and overcome the stereotypes and prejudices.

The Guidebook on the ReNewEurope concept will provide guidelines on ReNewEurope methodology implementation.

ReNewEurope platform and the interactive library will host all the produced materials and an Interactive library section where various documents on the project's topics will be uploaded for further reading.
